

ELECTRICAL AIRLESS SPRAYER MODEL NO:- JE 2300

Technical Specification

- » Single phase 230v 50 Hz 1.5kw
- » Max pressure 227bar (3300psi)
- » Output 2.3 lpm
- » Hose length support up to 75 feet
- » Bldc motor
- » Digital pressure monitoring
- » Max weight 16 kg

Typical fluid handled

Interior exterior latex, Emulation, Enamel, Acrylic paints,
Primers, Oil based, Urethanes, Water proofing material,
Wood finish, Low viscous epoxies

ELECTRICAL AIRLESS SPRAYER MODEL NO:- JE 3100

Applications

- » Building Interior & Exterior painting
- » Bridges and roofs Coatings
- » Corrosion preventive coatings
- » Decorative Coating

Technical Specification

- » Single phase 230v 50 Hz 2.2kw
- » Max pressure 227bar (3300psi)
- » Output 3.21 lpm
- » Hose length support up to 150 feet
- » Bldc motor
- » Digital pressure monitoring
- » Max weight 18.5 kg
